Letterbox Gifts

FOR ALL CORPORATE AND WORKPLACE OCCASIONS

The Letterbox Gift is Don't Buy Her Flowers' latest offer, designed specifically for our corporate clients. Suited to large numbers and fast turnarounds, these compact packages are an ideal way to send a thoughtful gift into someone's home.

The Letterbox Gifts can be a more cost-effective option for those with a smaller budget per package and a higher volume needed, while retaining the option to add your branding to packaging and products.

We have curated a range of Letterbox Gifts to cover different occasions. Alternatively if you'd like to create something bespoke, use this online letterbox brochure to put together a selection or get in touch and we will help create the perfect package to your brief.
